

Vitality®

Let's Play Vitality Squares: An exciting game of chance!

Get ready to have some fun, learn something new and possibly be rewarded when you play Vitality Squares™!

Once each month you will have the opportunity to play our health-themed game of chance. In addition to winning up to 50 Vitality Points™, you might also win Amazon®*, Fandango or Starbucks gift cards valued at \$5, \$15 or \$500.

Simply flip a square to reveal either something healthy or something not, and get fun facts or advice on good health and nutrition. The more healthy squares you flip, the greater your prize. Your Vitality Status® determines how many squares of the total 15 you can put into play; the greater your status, the more squares you get to flip.

Take a chance, you can win BIG!
