1 INTRODUCTION

Benesch strives not only to offer competitive and comprehensive benefits to employees, but to support you throughout the enrollment process.

Our goal is to provide you with the tools, resources and support to make a complex process a little less complicated, making it easier for you to select the benefits that are the right fit for you and your family. This benefit guide briefly summarizes our benefits program, defines key aspects of our plans and includes important links to contact information.

New Hire Enrollment

Welcome! As a new employee of Benesch, you are eligible for benefits if you are full-time or part-time and working at least 24 hours per week. Coverage is effective for most benefits on the 30th day of employment. Pet Insurance is effective on the 1st of the month following enrollment.

Open Enrollment

Open enrollment is your annual opportunity to review your current benefit coverage and make needed changes for the upcoming plan year. During open enrollment, you may add, change or decline coverage. In addition, you may add and/or drop dependents during this time.

If you do not wish to make changes to your medical, dental, vision, HSA or voluntary benefits, no action is required. However, all employees choosing to participate in the Flexible Spending Accounts (Healthcare, Limited Purpose or Dependent Care) MUST make an election, as prior elections will not roll over.

Open Enrollment is scheduled to take place November 1, 2023 – November 17, 2023.

NOTE: This Benefit Guide only highlights the benefits available. For a complete description, see the plan document. If any conflict should arise between this Guide and the Plan Document, the Plan Document will govern in all cases. All information is confidential, pursuant to the Health Insurance Portability and Accountability Act of 1996. If you have any questions about the Guide, contact Benefits@Benesch.com.

Eligible Dependents

You may enroll your eligible dependents for coverage once you are eligible. Your eligible dependents include:

- Your legal spouse
- Your domestic partner*
- Your children up to age 26

Once your benefit elections become effective, they remain in effect until the end of the year.

**Please see the Domestic Partner policy listed on Benefits Connection.*

Qualified Life Events

Generally, you may change your benefit elections only during the annual open enrollment period. However, you may also change your benefit elections during the year if you experience a qualified life event, including:

- Marriage
- Divorce or legal separation
- Birth of your child
- Death of your spouse, domestic partner or dependent child
- Adoption of or placement for adoption of your child
- Change in employment status of employee, spouse/domestic partner or dependent child
- Qualification by the Plan Administrator of a child support order for medical coverage
- Entitlement to Medicare or Medicaid

Depending on the type of event, you may be asked to provide proof of the event. If you do not notify Benefits@Benesch.com within 30 days of the qualified event, you will not be able to make changes until the next annual enrollment period (unless you experience another qualified life event).

3 HSA (HEALTH SAVINGS ACCOUNT)

This benefit is available to employees enrolled in the High Deductible Health Plan Only. Benesch will contribute \$3,200 (Family) or \$1,600 (Employee only) annually to your HSA account!

- HSA accounts are set up with Chard Snyder to coordinate with the High Deductible Health Plan.
- An HSA account is a tax-advantage account that participants may use to pay for qualified healthcare expenses, including dental and vision.
- Money is set aside on a pre-tax basis and remains tax-free when you use it for qualified expenses.
- To qualify for an HSA, you must:
 - Have coverage under an HSA-qualified “high deductible health plan” (HDHP).
 - Not be enrolled in Medicare.
 - Not be claimed as a dependent on someone else’s tax returns.
 - Not participate in a Healthcare FSA. You may participate in the Limited Purpose FSA (see next page).

Annual HSA Contribution Limits

You may choose to fund your HSA to meet your expected health care costs for the next year or fund all the way up to the contribution limit to build your tax-advantage account. Any funds you do not use in a given plan year remain in your account, building a larger account or transactional account for future health care expenses.

	Individual Plan Contribution	Family Plan Contribution (EE + Spouse, EE + Children, or EE + Family)
Maximum HSA Limit for 2024 Tax Year	\$4,150	\$8,300

Distributions

- You may use the money in the account to pay for any qualified health care (medical, prescription, dental, vision) expense permitted under the federal tax guidelines.
- You may use the money in the account to pay for healthcare expenses for yourself, your spouse or your dependent children, even if they are not covered by your high deductible health plan.
- Any amounts used for purposes other than to pay for qualified health care expenses are taxable as income and subject to an additional 20% tax penalty. After you turn age 65, the 20% additional tax penalty no longer applies.

More information regarding Health Savings Accounts: The information contained here is not intended to represent all HSA regulations. For complete information, visit the Treasury’s HSA website at www.treas.gov.

4 FLEXIBLE SPENDING ACCOUNTS

Flexible Spending Accounts (FSAs) are designed to save you money. They work in a similar way to a savings account. Each pay period, funds are deducted from your pay on a pre-tax basis and are deposited to your Health Care and/or Dependent Care FSA. You then use your funds to pay for eligible health care or dependent care expenses. With an FSA, the money you contribute is never taxed – not when you put it into the account, not when you are reimbursed with the funds from the account, and not when you file your income tax return at the end of the year. FSAs are administered by [Chard Snyder](#). Annual contribution limits are set by the IRS.

Account Type	Eligible Expenses	Annual Limits	Benefit
Health Care FSA <i>(for employees not participating in the HSA)</i>	Most medical, dental and vision care expenses that are not covered by your health plan (such as copayments, coinsurance, deductibles, eyeglasses and doctor-prescribed over-the-counter medication)	Maximum contribution is \$3,200 per year	Saves on eligible expenses not covered by insurance; reduces your taxable income
Limited Purpose FSA <i>(for HSA enrolled employee only)</i>	Dental and vision care expenses that are not covered by your dental or vision plans (such as copayments, coinsurance, deductibles, surgery, and orthodontia.)	Maximum contribution is \$3,200 per year	Saves on eligible expenses not covered by insurance; reduces your taxable income
Dependent Care FSA	Dependent care expenses (such as day care, after school programs or elder care programs) so you and your spouse can work or attend school full-time	Maximum contribution is \$5,000 per year (\$2,500 if married and filing separate tax returns)	Reduces your taxable income
Transit	Bus passes, subway vouchers, passes or tokens, train vouchers, passes or tokens, and vanpooling fees. Eligible transit expenses must be work related.	The maximum monthly Transit election is \$315	Set aside funds pre-tax from your paycheck for qualified parking expenses.
Parking	Metered parking, monthly and/or daily parking fees for parking lots and/or ramps, park n' ride lots, and parking at mass transit facility. Eligible parking expenses must take place at or near your place of employment, or at a location from where you commute to work.	The maximum monthly Parking election is \$315	Set aside funds pre-tax from your paycheck for qualified transit expenses.

Important Information about FSAs: Your FSA elections will be in effect from January 1 through December 31. All expenses must be incurred within the calendar year. Claims for reimbursement for the Health Care, Limited Purpose and Dependent Care FSAs must be submitted by March 31 of the following year. The Health Care and Limited Purpose FSAs allow up to \$640 to be rolled over into the following year. Any money remaining in your account after March 31 will be forfeited. This is known as the “use it or lose it” rule and it is governed by IRS regulations. Please plan your contributions carefully. Note that FSA elections do not automatically continue from year to year. You must actively enroll each year.

Your Parking and Transit elections will rollover each year. Mass Transit tickets/passes must be purchased with the debit card provided. Claims for reimbursement for the Parking and Transit plans must be submitted within 180 days of the date of service.

5 DENTAL

Dental coverage is administered through Delta Dental.

With your dental benefit program, you can go to any licensed dentist. However, you will save the most money by visiting a dentist in the Delta Dental PPO or the Delta Dental Premier network. Non-network dentists have not agreed to accept Delta Dental's fees, which means they may bill for any charges over the allowed amount.

To search for in-network providers, visit www.deltadentalil.com or call 1-800-323-1743.

Plan Design	Delta Dental PPO Network*	Delta Dental Premier Network**	Non-Network***
Annual Deductible (Individual/Family)	\$50 /\$150		
Annual Maximum	\$1,500 / person		
Lifetime Orthodontic Maximum: (Dependent Children to Age 19 & Adults)	\$1,500 / person

Major Services: Includes crowns, bridges and full and partial dentures	50%	50%	50%

* Delta Dental PPO dentists accept payment based on Delta's maximum allowed fees. This is usually the highest discount available to members.

** Delta Dental Premier dentists accept payment based on a higher maximum of allowed fees. Members may pay more out of pocket.

*** Non-network dentists do not accept payment based on Delta's maximum allowed fees. Members are responsible for any balance billing.

Delta Dental PPO and Premier dentists cannot balance bill members for the difference between Delta's allowed fee and the submitted charge.

NEW FOR 2024!

If you're a pet parent, your fur babies are an important part of your family, bringing comfort, joy and unconditional love. In return, you do the best you can to take care of them. But pet care is expensive and veterinary costs continue to rise. That's why we're offering pet insurance to our employees.

Take the stress out of unexpected vet bills!

Pet insurance reimburses you for the cost of accidents and/or illnesses throughout your pet's life. After a \$300 deductible, the plan will pay 80% up to a \$5,000 annual limit. There is also an optional wellness rider you can purchase to cover specific amounts for preventive visits. There are additional maximum allowable limits for wellness care.

You can enroll pets from 8 weeks to 10 years old. If your pet is 11 years of age or older, they are not eligible for coverage as a new enrollee. If a pet turns 11 years old after enrolled, coverage will continue.
