

Flexible Spending Account Changing Health Plans

Changing Your Health Insurance Affects Your Flexible Spending Account

Moving to a High Deductible Health Plan. When you move to a High Deductible Health Plan (HDHP) and enroll in a Health Savings Account (HSA), you are no longer eligible for a health Flexible Spending Account (FSA). Not to worry. We'll move you into a limited-purpose Flexible Spending Account (FSA) so you can use your leftover money for vision and dental care.

Health Savings Accounts Require Specific Health Insurance Plans

Moving to a Traditional Health Plan. Moving from an HDHP to a traditional health plan makes you ineligible for an HSA, but eligible for a health FSA. You'll keep the money you put in your HSA, but may no longer contribute. We'll convert your limited-purpose FSA into a full-coverage health FSA, which allows you to use your money for eligible medical, pharmacy, vision, and dental expenses.

It's automatic - you don't need to do a thing!
