

The Chard Snyder Dependent Care FSA

What is a Flexible Spending Account?

A Flexible Spending Account (FSA) can help you save money for dependent care services for your family. FSA funds are deducted from your paycheck before taxes, so the money deposited into the account is **tax free** which **saves you money**.

You may save **up to 40%** on your dependent care costs.

What is a Dependent Care FSA?

A **dependent care FSA** can be used for expenses incurred to care for your children age 12 and younger, as well as your adult tax dependents, who require care while you are at work.

Who is Considered a Dependent?

- **A spouse** who is unable to mentally or physically care for themselves and who live with you for more than half of the year.
