

On your mark,
get set, move.

Exercise is an important part of a healthy lifestyle and a great way to earn up to 15 points per day, depending on the type of workout you complete and how it's tracked.

THERE ARE MANY WAYS TO EARN POINTS FOR WORKOUTS:

- 1. Connect your compatible fitness device or mobile app** under Profile > Apps and devices. Points will be awarded based on steps, workout calories, heart rate, or active calories depending on the device or app used. Log into the Power of Vitality app at least once per week to ensure your workout data syncs.
- 2. Use your smartphone GPS to check in at the gym** under Profile > Gym locator (only available in the Power of Vitality app).
- 3. Log a gym workout manually** under Earn points > Wellbeing > Workouts > Gym workout. Workouts completed at a home gym can also be logged in this way.
- 4. Self-report another type of workout** under Earn points > Wellbeing > Workouts > Self-reported workout. This is a great option for non-standard or lighter workouts.
